

Face the future

Harrods Beauty Apothecary houses the latest innovations in technology. This solution-solving environment means that customers will be at the forefront of beauty science

Say yes to the No! No!

At-home hair removal has never been simpler. The **No! No! Hair** has built-in patented Thermicon technology for a unique hair-removal experience. It emits a painless and gentle wave of heat to remove hair and slow down the rate of regrowth for long-lasting results. £193

Face forward

Don't just tone your body – give your face a workout, too, with **Slendertone Face**. When connected to its source, this innovative headset transmits electro muscle stimulation (EMS) on contact. EMS activates facial muscles and circulation, resulting in a clinically proven, natural facelift and radiant appearance. £305

Regenerate

Sqoom is a sonic device that relies on patented Synchron ultrasound and ionisation technology to kick-start cell regeneration. Combined with Sqoom's specially formulated anti-ageing gels, these key ingredients are able to penetrate the skin on a deeper level, resulting in a radiant complexion. £529

Brush up

The award-winning **Clarisonic** has been given a make-over, with a new shiny black finish. This luxury high-tech cleansing brush uses gentle sonic micro-massage to gently remove make-up and clear pores, and is clinically proven to be twice as effective as regular cleansing. Exclusive to Harrods. £179

Spinning around

The brainchild of former *Vogue* model Nancy Donahue, HoneyBelle's popular body buffer has downsized to a more compact size with the launch of **BabyBelle**. Help control the appearance of cellulite and soothe sore muscles with its oscillating head, which simultaneously increases micro-circulation and enhances lymphatic drainage. £295

Step into the light

Quasar MD is an ultra-modern light-emitting device that uses different wavelengths of infrared light to boost collagen production and reduce the appearance of fine lines, wrinkles and enlarged pores. It will also increase circulation, creating a younger and more radiant-looking complexion. £600
